A. PROJECT ABSTRACT AND DEMONSTRATION OF NEED

Yankton County is seeking a grant to expand diversion services, alternatives to detention, and staff time to assist with JDAI coordination. The goal is that Yankton County will expand their continuum of services to benefit the outcome of system involved youth at every decision point. At the front end, diversion services will be expanded to include an assessment with youth and families with a referral to existing services in the community. In addition, diversion coordination will include working with community partners to build upon existing services utilizing data to assess need. For youth being referred to alternatives to detention using the Risk Assessment Instrument

(RAI), Yankton County will seek to develop alternatives to detention within the community such as conditional release.

Demonstration of Need:

There were 125 juvenile petitions in Yankton County in the 2020 fiscal year. Of those petitions, several were misdemeanor or citable offenses that could be diverted from the formal court process. Yankton County currently serves diverted youth through Teen Court. In 2020, 25 youth were served through Teen Court indicating the need for diversion services in the county. Seven youth in Yankton County scored for an alternative on the RAI in 2020. Youth referral offenses on the RAI for the alternative category were mostly non-violent, indicating they could be safely supervised in the community. Yankton County does not currently have a conditional release option. The creation of a JDAI/Diversion Coordinator position will seek options like electronic monitoring and an evening reporting center to keep youth in the community and increase the number of youth being diverted from the court process.

B. COMMUNITY READINESS

Yankton County has been working to become a JDAI site for almost one year. The JDAI collaborative will include the juvenile judge, juvenile prosecutor, sheriff, detention administration, high school administration, counseling services, local service providers, court services, county commission, and law enforcement. The collaborative has identified the Boys & Girls Club of Yankton agency to house the Youth Diversion Coordinator position. In addition, the agency currently provides diversion and prevention options through Teen Court and other programming focused on preventative services.

The Youth Diversion Coordinator position will blend well into the Boys & Girls Club of Yankton infra-structure. The mission of the Boys and Girls Club of Yankton is to inspire and enable all young people to realize their full potential as productive, responsible, and caring citizens. Our vision is to be a dynamic, diverse organization that is recognized as champions for youth, as well as,

a leader for positive change in our world. We recognize the value in mentors and support systems helping youth to learn from past mistakes. The Boys & Girls Club of the Northern Plains organization started as a vision of a Brookings police officer who had been shot at by a teen but who had recognized the opportunities missed to reach the teen who had escalated to that incident. We recognize a huge role diversion plays in shaping lives for the better.

The Boys & Girls Club of Yankton (BGCY) opened January 26th, 2008 with a membership of roughly 130 youth, we now serve over 190 each day and have almost 700 annual members. The Boys & Girls Club commitment is to reach youth who need us most to create productive, responsible and caring citizens. Following the national Boys & Girls Club transition, our organization for the past year has heavily focused and will continue to target our three priority outcomes: academic success, good character/leadership and healthy lifestyles. The Club serves all youth in need, regardless of background or economic standing.

In July of 2011, the Boys & Girls Club of Yankton Unit joined the Boys & Girls Club of Brookings Corporation now known as the Boys & Girls Club of the Northern Plains. October 2016, the Boys & Girls Club of Yankton moved into their brand new building north of Yankton Middle School. This new building allowed for the growth of the teen program with separate middle school and high school spaces. These spaces allowed for continued growth with the goal to serve more youth, more often with more impact. This position will be housed in the Teen Center. The facility is very secure with a door access key fab system, security cameras and other security features. There are specific spaces for junior high and high school students, classrooms, a gymnasium, STEM space, art room, and office space for this position. This facility has space to be a positive gathering space for JDAI committee meetings and youth and family meetings with the Youth Diversion coordinator.

The Club has a successful history of administering a multitude of evidence-based programs. Recent programs currently offered include Positive Action: a systematic educational program that promotes an intrinsic interest in learning and encourages cooperation among students, Project Learn:

a program which reinforces academic enrichment through homework help, tutoring and games, STEM based workshops and daily activities, and a robust workforce development program helping connect teens to jobs in the community along with building career readiness skills. We are confident that the Club can make a positive impact and share the evidence of that impact on the youth in Yankton county through the support of this position.

This new position will work closely with the Teen Center Director, and we look forward to a continuum of diversion services in the Teen Court program, which is currently facilitated at the Boys & Girls Club. The goal of this position is to expand upon Teen Court diversion to offer diversion services to all levels of youth entering the system. The Yankton County State's Attorney's office will continue to support this effort.

The Teen Court program sponsored by the Boys & Girls Club has been in existence in Yankton since 2013. With this program, defendants between the ages of 10 and 18 are given a second chance. Through a referral from the Office of the States Attorney, these students are given a chance to stand in front of a jury of their peers to explain the crime they committed. Each defendant is assigned a student defense attorney, and his or her case is heard. After the case has been heard, the teen jury deliberates on a disposition. This disposition is made up of community service, community action points, essays, classes, and also an opportunity to serve as a juror for future sessions. The defendant then has ninety days to complete this disposition.

In 2020, 25 youth were served through Teen Court, indicating the need for expansion of diversion services in the county. The cases that have been seen by the program range from underage possession of alcoholic to possession of marijuana. In years past, the cases within the Teen Court program included underage consumption of alcohol and petty theft, but these have ceased since the introduction of Senate Bill 73. This could be an opportunity, dependent upon the States Attorney's office and law enforcement, to increase the number of cases within the Teen Court program.

The Boys & Girls Club organization has the knowledge, background and capacity to support juvenile justice services and already has many partnerships with Yankton County. The County will work closely with the Boys & Girls Club in ensuring all programming, reporting, and reimbursement deadlines are fulfilled.

The school districts in the county have been supportive of the expansion of juvenile diversion services. School principals and their counseling teams have been continually dedicated partners and advocates for helping youth succeed and are open to adopting more alternatives to detention.

We see no direct barriers to prevent the proposed project in Yankton County. Like most rural counties, staffing and budgetary restraints exist at the Yankton County Sheriff's office, and funds from this grant will also support continuing services such as shelter care. These restraints have been a barrier to transporting youth to alternatives that are out of County.

*Please see the attached letters of support which indicates the stakeholder agencies willingness to adopt and support the additional JDAI strategies within Yankton County. *

C. ALIGNMENT WITH SOUTH DAKOTA JDAI IMPLEMENTATION

The average daily population (ADP) in Yankton County (2020) for youth in detention was 2 with an average length of stay at 36.06 days. Yankton County already limits the use of secure detention and has an override rate of 8%. Yankton County is seeking conditional release options to keep lower risk youth in the community. With the goal of providing access to a continuum of services, including culturally responsive programming, Yankton County will decrease the overrepresentation of youth of color in detention and increase successful diversion outcomes for youth of color. The goal of expanding diversion options is to eliminate existing barriers such as transportation and ability to pay for services.

Grant monies will be utilized for staff time to be dedicated specifically to JDAI coordination. This will include data tracking ability to determine the success of implemented diversion programs and alternatives to detention. This data will be presented to the local JDAI collaborative on a

quarterly basis to help guide decision making. The Unified Judicial System intends to support the created position with training opportunities such as the national JDAI conference, a JDAI model site visit and participation in the Positive Youth Development curriculum.

The Boys and Girls Club is already tracking teen court data and will work in conjunction with the State's Attorney's Office to track recidivism on all diversions. Data will be disaggregated by gender, race and ethnicity. The state JDAI Coordinator is currently tracking ALOS and ADP and will provide this to the Boys and Girls Club to disseminate to the JDAI collaborative. The position will have access to up-to-date RAI data through the Unified Judicial System's JRAI data reporting system. Training will be provided to the Boys and Girls Club on data collection, analyses and dissemination by the state JDAI Coordinator and through attending a JDAI site visit and state JDAI conference.

F. DESCRIPTION OF PROGRAM GEOGRAPHIC BOUNDARIES

The Youth Diversion Coordinator position will serve youth, families, and community stakeholders in urban and rural Yankton county. To give a better understanding of the county make-up, the 2010 United States Census, reported there were 22,438 people and 8,770 households in the county. The county has a total area of 521 square miles with a population density of average of 43.1 people per square mile, and the county seat is located in Yankton, SD.

G. TARGET POPULATION

The target population is youth under the age of 18 (and their families), who have had contact with the juvenile justice system or who are at risk of having contact with the juvenile justice system.

Target populations for detention reform may also include youth of color, females, youth with school/truancy offenses, domestic assaults on a family member, warrants and homeless youth.

The goal is to prevent or divert youth involvement in the juvenile justice system and to eliminate or minimize disproportionate minority contact. This project will focus on prevention and intervention for youth engaging in behaviors putting them at risk for justice system involvement. The JDAI collaborations in the county will work to create an effective, fair and efficient system that produces positive outcomes for youth, families and communities while protecting public safety.

**YANKTON COUNTY JUVENILE DETENTION ALTERNATIVES INITIATIVE
(JDAI) COMMITTEE
MEMORANDUM OF UNDERSTANDING (MOU)**

I. PARTIES

This document constitutes an agreement between the South Dakota First Judicial Circuit, Yankton County Sheriff's Office, Yankton County States Attorney's Office, First Judicial Circuit Court Services, Yankton Police Department, Yankton Boys and Girls Club, Yankton County, Yankton School District, Gayville-Volin School District, Lewis and Clark Behavioral Health, South Dakota Department of Corrections, South Dakota Department of Social Services, and other parties as amended.

II. PURPOSE

This agreement establishes the Yankton County JDAI Committee and is entered into by the above-named agencies to establish a cooperative relationship by applying the eight core strategies (enumerated in paragraph IV) of the JDAI in order to:

- Eliminate the inappropriate or unnecessary use of secure detention of juvenile offenders;
- Minimize re-arrest of juvenile offenders and failure to appear rates pending adjudication;
- Ensure appropriate conditions of confinement in secure facilities for juvenile offenders;
- When necessary, redirect public resources and policies to sustain successful reforms.

III. AUTHORITY

The Yankton County JDAI Committee shall have the authority to facilitate the coordination of inter-agency solutions to achieve the purpose described above. The JDAI Committee may make appropriate resource or policy recommendations to the governing bodies of the agencies represented on the JDAI Committee.

IV. PERIOD OF AGREEMENT AND MODIFICATION/TERMINATION

This MOU will become effective when signed by all parties. The period of the agreement is three years from the original date of signature.

Amendments to this MOU must be submitted in writing at least 30 days in advance and approved by all agencies represented herein. In the event additional parties are added to the Yankton County JDAI Steering Committee, the new party may be added upon approval by all agencies represented herein.

Intent to terminate participation in this MOU must be submitted in writing at least 90 days in advance of termination to all participating agencies.

V. THE JUVENILE DETENTION ALTERNATIVES INITIATIVE MODEL

The parties agree that the Yankton County JDAI Steering Committee will follow the JDAI model as developed by the Annie E. Casey Foundation. The model's core strategies are as follows:

- Collaboration among juvenile justice agencies, community organizations, and other government agencies;
- The use of data in making policy and case-level decisions;
- Objective instruments to guide detention decisions;
- Operation of a continuum of non-secure detention alternatives;
- Case processing efficiencies to reduce time between arrest and case disposition;
- Improvement of conditions of confinement;
- Safe reductions of special populations (i.e. violations of probation, warrants, and cases awaiting placement); and,
- Racial/ethnic fairness in policy and case-level decision-making.

VI. RESPONSIBILITIES OF THE PARTIES

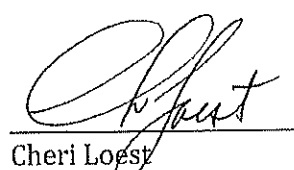

All parties agree to work cooperatively to address the purpose of JDAI as identified above. Members of the Yankton County JDAI Steering Committee agree to attend meetings on a regular basis, make their decisions based on the purposes and processes of the JDAI model, and carry out what is in the best interest of youth that is consistent with public safety. The parties agree to provide access to data that will support the JDAI process, consistent with state and federal confidentiality restrictions.

VII. COMMITTEE LEADERSHIP AND MEETINGS

JDAI Co-chairpersons will be Rebecca Altman from Court Services and State's Attorney Rob Klimisch. Meetings will occur monthly to begin and then at least quarterly thereafter and will be led by at least one or both of the JDAI Co-chairpersons. Co-chairpersons have the authority to conduct the meetings to facilitate discussion and decision-making. The committee will appoint a secretary to keep minutes, which will be agreed upon by the committee. In matters that require a vote, each agency represented on the JDAI Committee shall have one vote. Co-chairpersons have the authority to establish any subcommittees necessary to support the accomplishment of local JDAI implementation. Ms. Coppersmith,

Please accept this letter of support for the Juvenile Detention Alternative Initiative in Yankton County through the Boys & Girls Club of Yankton.

By signing this letter, I:

- Identify the importance of providing alternatives for detention.
- Will provide resources to support these alternatives to the best of my ability.
- Understand that these dollars will positively affect many in our community, as well as the juveniles that are diverted through the program.
- Understand that my role in the JDAI workgroup is crucial to its success and will support the Boys & Girls Club in any way that I can.
- Understand that this grant will positively influence high-risk juveniles and encourage recidivism rates to decline in our county.
- Will do my best, in the position that I hold, to reduce unnecessary pre-adjudication incarceration for these specific individuals.
- Will support the community resources necessary to help these individuals enrolled in all diversion programs in the county.
- Will foster the strategies of JDAI in order to better serve the youth in my community.

This grant funding will significantly encourage us to build up the youth in our community of Yankton.
Thank you for your consideration!

Sincerely,

The Yankton JDAI Workgroup

The flowchart illustrates the Juvenile Diversion Process. It begins with 'Contact with Law Enforcement', which leads to 'Jail scores RAI' and 'Detention'. 'Detention' leads to 'Detain' (48 hours max), which then leads to 'Alternative'. 'Jail scores RAI' also leads to 'Alternative'. 'Alternative' leads to 'Temporary Custody Hearing', which leads to a 'Release' decision. If 'Release' is chosen, the juvenile is released. If 'Detain' is chosen, the juvenile is adjudicated. 'Adjudicated' leads to 'Sentence' or 'Trial'. 'Trial' leads to 'Acquitted' (Release) or 'Alternative'. 'Alternative' leads to 'Shelter Care B&GC ERC', which leads to 'Trial'. 'Release' from the 'Temporary Custody Hearing' leads to a decision on whether the State's Attorney and Juvenile agree to diversion. If they agree, the juvenile is released. If they don't agree, the juvenile is either cited for an offense (Pay Fine) or has a court date set (leading to the 'Release' decision). The 'Release' decision also leads to the 'Coordinator decide Diversion Program' step. The coordinator decides on a program (Written Apology, B&GC Program, FFT, Restitution, Community Service, Teen Court, or Custom Program). The juvenile completes the program and does not offend for 4 months, leading to 'Criminal Record Expunged' and 'County Receives \$250'.

What does JDAI look like in Yankton County? What could it look like?

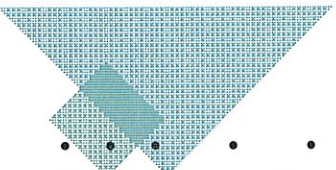

In place currently-

- Use of the RAJ- Objective Admissions
- Use of Shelter Care as an Alternative to Detention
- SOME data available

In 2019-

- 1.06 Average Daily Population of Youth in Detention with 388 total bed day for 2019
- **\$89,240** invoice to JDC- *not including transportation cost and wages*
- 193 total bed days at ARISE Shelter Care @ \$236 per day
- **\$45,548** invoice to ARISE-*not including transportation cost and wages*

What if Yankton became a JDAI site?

- A collaborative is formed- tasked with making data driven policy decisions that will have positive impacts for youth in Yankton County
 - A deep dive into potential alternatives to detention that keep youth in the community- such as conditional release, community supervision, and evening reporting centers. Reallocating dollars back into the community!
 - Potential Grant Opportunities that could include a JDAI/Diversion Coordinator Position (next slide)
 - Site visit to existing JDAI site and spots at national convening
 - Positive Youth Development Training
- 

NEW JDAI/YOUTH DIVERSION COORDINATOR

Grant funded position through the Council for Juvenile Services to support local JDAI and diversion efforts

Position housed at Boys and Girls Club

Goals-

- *Expand Diversion options in Codington County*
- *Supervise youth pre-adjudication as an alternative to detention*
- *Review and Collect Juvenile Data for Codington*
- *Staff and coordinate local JDAI collaborative to use data to drive decision making*
- *Provide case management/case expediting for youth in detention in Codington County*
- *Along with local JDAI collaborative, implement and overnight alternative to detention option in Codington County*

HOPE AMIDST COVID-19

The Boys & Girls Club of the Northern Plains has been working hard to be a beacon of hope amidst fear and uncertainty brought to the communities we serve by COVID-19. As the situation develops, we continue to learn more from the families we serve and what they need during this time.

The Club is honored to serve in this way, but will remain closed to the general public and visitors to ensure a safe environment.

ANNUAL REPORT 2020

LOOKING TOWARD OUR FUTURE

Thank you friends and supporters of the Boys & Girls Club of the Northern Plains!

Our Clubs had another extremely impactful year, even with all the challenges of 2020. After the pandemic hit, we were quickly able to open our Clubs for first responder families and safely added more youth to each of our Clubs, while complying with CDC guidelines. Within our Brookings, Moody County, and Yankton Clubs, we were also given the opportunity to aid in serving and distributing free meals to youth and their families.

Throughout the year, our staff and board members reached out to our communities and stepped up to help out in immeasurable ways. By starting new programs, altering traditional events, and funding new campaigns, our Club family continues to find ways to support and champion our youth.

We are grateful to provide stability for kids during uncertain times and look forward to being able to serve even more youth in 2021. We are committed to doing

WHATEVER IT TAKES to help out our Club youth, their families, and our communities. We appreciate the ongoing support of the Boys & Girls Club of the Northern Plains. Great Futures Start Here!

POWER UP

Our annual five-week Academic Success Program Power Up served over 230 youth throughout all three communities this past summer. This program is designed to foster lifelong learning and prepare kids for the school year, a much-needed program after early spring school closures.

FOOD FOR THOUGHT

Providing to-go breakfast, lunch, and suppers, handing out boxes of groceries, and serving free supper and lunch meals to kids attending the Club are just a handful of creative ways we have been able to serve and distribute food to our youth and communities over the last year.

PAY IT FORWARD

Our Yankton Club has been hosting a quarterly kindness activity called Pay It Forward. Each age group at the Club meets to decide what they want to make and gift to another age group, spends time making it, and then takes time to meet and share their gifts with one another.

WHATEVER IT TAKES

OUR IMPACT BECAUSE OF YOU

VIRTUAL PROGRAMMING

When our physical doors temporarily closed in March, we were quickly able to create and provide virtual programs for Club members through Facebook. Every day we featured programs and activities in all three of our priority outcomes and served over 400 families in the process!

DAY OF INCLUSION

On the first Wednesday of the month, our Moody County Club celebrates a Day of Inclusion. This day is full of activities about inclusion, diversity, and kindness. Youth listen to music from around the world, make crafts together, and learn about what we all have in common, too.

WORKFORCE PROGRAM

Several of our Brookings Teen Members joined the Workforce Program, which is designed to prepare teens for future job experiences by teaching lessons in communication, resume preparation and time management. This fall they worked as junior staff in the 1st-3rd Club.

SOAP FOR SALE

Our Yankton Teen leadership groups are working together to create a soap business! This fall youth researched products, ingredients, pricing, and marketing and made/sold their first batch of cinnamon/orange bar hand soap before the holidays.

ARTS COUNCIL AT THE CLUB

Creative juices have been flowing through the Moody County Club thanks to a virtual partnership with the Brookings Arts Council. Activities in painting, sculpting, weaving, and collaging have all been taught through the virtual art curriculum and has become a popular Club activity!

HOMEWORK HELP

Our Clubs are committed to positively impacting our youth through academic programming activities like our Homework Help programs in Yankton and Moody County and Club Tutors in Brookings. These programs focus on providing help in math, reading, and homework completion and have served 845 members in 2020!

GREAT FUTURES START HERE.

OUR GREAT FUTURE BECAUSE OF YOU

IZAYA'S STORY

Izaya's Boys & Girls Club story began when he was in 6th grade. When Izaya first started attending the Brookings Teen Center, he was very shy, quiet, and timid because he did not know any other members or staff. In school Izaya was also struggling with low self-esteem, attending speech regularly, and was on an IEP for multiple classes. As he began to feel more comfortable at the Club,

he and a few friends would often be scolded by Club staff for acting out and using bad language, and he would rarely participate in any programs outside of the gym space.

However, after a few years of regularly attending the Club, you could see his confidence, maturity, and leadership abilities develop. **"Izaya five years ago to Izaya today is a completely different person,"** shared Izaya's mom. Since attending the Club, he has moved out of speech, is down to one IEP class, and goes out of his way to welcome younger teen members to the Club, especially within our gym space. This year Izaya joined our Keystone Club, which is a high school service and leadership program, and received a nomination to be part of Youth of the Year, an Impact Program for longtime Club members to share the influence the Club has had on them. His behavior has been overwhelmingly positive since the start of his sophomore year in high school, and we look forward to continually watch Izaya grow and lead during his time at the Club.

The Boys & Girls Club of Moody County has impacted our family greatly over the last couple of years. The Club has provided us a safe and positive place to send our daughter, Brinley, after school, as well as during the summer months. She absolutely loves the Club, and there are many days that she is upset if we pick her up too early! She enjoys the extra activities the Club provides, including the STEM and Positive Action programs.

This year we have taken advantage of the homework help after school. It has helped tremendously on the nights we have other activities going on, and it has also helped Brinley improve in her reading and spelling. Brinley has loved getting the extra help at the Club so much; we have heard many times how she is so excited to get started on her homework and that she even asks to complete her homework on Fridays!

We would like to extend our gratitude to the Boys & Girls Club of Moody County. Thank you for providing a safe, positive, and educational place for our daughter to attend!

- Rachel Chamblin, Moody County Club Parent

OUR GREAT FUTURE BECAUSE OF YOU

As I sit down to spend just a few minutes of my time putting into words what the Boys & Girls Club of Yankton has done to help my family, I find it hard to know where to start. I have two teenage boys that use the Club regularly, and I could not be happier with that decision. When my children are at the Club, I know they are not only well cared for by the staff but also put into a positive environment where they are loved and have wonderful adult influences. I have seen the self-confidence in my children improve greatly due to the great staff that is always making them feel special. I am not going to say my children never do anything wrong – they are teenagers – but I know that when attitudes or any problems arise, the Club staff have a successful way of talking to them and getting to the problem, at the same time involving me as a parent. I am very grateful not only for the Boys & Girls Club in our community but for the thoughtful staff that is always there for my children.

Yankton Club Parent*

OTHER 2020 HIGHLIGHTS

SAFETY DURING COVID

We were humbled by the opportunity to serve first responder families in our communities near the beginning of the pandemic thanks to the safety guidelines we put into action. Performing daily health screenings, setting up additional sanitizing stations, hourly disinfecting of program areas, and limiting group sizes and contact kept kids safe and able to return to the Club!

HOLIDAY MEALS

In addition to our traditional evening meals, we were able to offer special holiday dinners for Club families. For Thanksgiving, our Yankton Club served over 30 holiday meals to Club youth, and right before Christmas, the Brookings Club handed out 80 to-go meals for families to enjoy at home with loved ones.

VIRTUAL RAFFLE

Our annual raffles all looked a little different as we hosted our first ever Virtual Raffle Event! We made the most of it by inviting local musicians, entertainers, and Club members to be featured in our unique raffle event. Even amidst a pandemic, we were able to reach a new record high of tickets sold among our communities! Thank you!

CLUB NEWS

In 2020 our Clubs made headlines in a lot of new and positive ways! We were able to chat about our Moody County raffle on the Dakota News Now morning show, feature our Brookings food truck program in the Keloland evening news, announce a successful launch of the Matching Endowment Campaign in Yankton, and much, much, more! Thank you for making it all possible!
